UNDERGLAZE COBALT AND COPPER FISH BOWL

\$1,680

Southern China, China • Porcelain • Collection #BJCC038A

H: 19.25" Dia: 22.5"

This grand, blue-and-white porcelain bowl is hand-painted with flora and fauna of the sea, offering blessings of wealth, abundance, and the contented harmony of a fish in water. The underwater imagery of this jar was hand-painted with vibrant copper and cobalt pigments prior to firing, a process of underglazing developed during the Song Dynasty. Bowls of this scale are perfect as fish ponds, planters, and decorative objects.
