## HOOFED FULL MOON LOW TABLE

**\$8,800**

c. 1850 • Shanxi, China • Northern Elmwood • Collection #P143

W: 69.75" D: 30.0" H: 16.0"

Distinguished by its articulated apron and sculptural feet, this handsome low table was once used as a daybed. Not only reserved for resting, the daybed served as a place to have tea, play a board game or engage in an intimate moment. Made around 1850 in Shanxi province, the table is made of Chinese northern elmwood masterfully assembled without the aid of nails or screws. Use this low-profile, high-impact table as a coffee table or pile on accent pillows and use it as an extra seat.
