FOOTED MELON BASIN

\$7,480

Shanxi, China • Marble • Collection #BJFF012

W: 24.0" D: 24.0" H: 24.0"

Carved from a solid block of dark marble, this melon form basin offers a significant sculptural presence. The raised pleats stand in for a melon's ribs and diminish in height as they run down to the masterfully footed base. A traditional symbol of fertility, the melon form of this sculptural vessel brings meaning and architectural beauty to any environment.
