GRAND TWO DOOR SEVEN DRAWER CABINET

\$8,280

c. 1800 • Shanxi, China • Northern Elmwood • Collection #GDI042

W: 57.0" D: 23.0" H: 87.75"

This austere 19th century Chinese cabinet from China's Shanxi province was constructed with grand proportions. The expressive grain of northern elmwood (yumu) patterns the doors with subtle texture and adds an understated elegance to a cabinet of such an impressive scale. The doors were designed with extended dowels at the top and bottom that ingeniously fit into the frame, freeing the cabinet of the need for distracting surface-mounted hinges. We love this monumental cabinet as an effortless way to anchor a room.
