GREENERY STONE WINTER MELON

\$1,980

c. 1900 • Liaoning, China • Stone, Jade • Collection #GY050

W: 15.0" D: 7.75" H: 7.5"

This unique melon sculpture was made in the Liaoning region of China over a hundred years ago, and was hand shaped out of fine hardstone, a combination of minerals including serpentine and jade. The stone has stunning, natural patterning: the light and dark greens swirl together and give the stone character and depth. The greenery stone is as durable as it is lovely and would look beautiful nestled among the lush foliage of a garden.
