## HAND-CARVED TIGERMAN FOOTED ZHENZHU BASIN

**\$980**

Shandong, China • Stone • Collection #B5613

H: 8.5" Dia: 16.25"

A clean-lined interpretation of an ancient form, this footed basin was hand-carved by artisans in China's Shandong province. It looks as if it were meticulously painted but the mesmerizing pattern of the zhenzhu is actually inherent to the stone, a conglomerate limestone extracted from Lake Tai in Jiangsu province and prized by scholars for its exceptional patterning. Intriguing and beautiful, this basin has fantastic texture and calls to be touched.
