CAST IRON BRAZIER

\$780

c. 1800 • Northern China, China • Iron • Collection #CB508

H: 5.75" Dia: 16.25"

Time has a way of cloaking functional objects in mystery. At least that's how we feel about this fantastic brazier acquired from a discerning collector who lived in China for decades. Imbued with rusted character, the once finely detailed tripod legs take on an almost animal-like quality, while the bowl blackened with char conjures up the glow of burning incense. We find its bewitching appearance perfect as the centerpiece animating a large outdoor table or as a planter tucked within a shaded garden.
