LANTIAN JADE STONE

\$480

China • Stone • Collection #LTY5035

W: 16.75" D: 9.75" H: 8.75"

In China, lantian jade stones have been highly prized since ancient times for their smooth, clean texture and beautiful coloring. The calcite, lizardite and antigorite minerals in this precious stone give the jade a unique mix of hues: pale yellow and green, steely grey, a rich creamy white, and dark green.
