LOBI CHAISE

\$1,880

c. 1900 • Ghana • Wood • Collection #CAA856

W: 22.5" D: 49.0" H: 32.5"

An immediate standout in our collection, this Lobi chaise represents their differing ideals from other African tribes. The Lobi's deep focus on agriculture overwhelmed the time other tribes committed to artistic endeavors. Most likely built for a hardworking farmer to take a moment of rest during the day, this chaise would have been a notable woodworking achievement. The subtle decorations and sweeping curves combine to offer a singular, sculptural form.
