

MELON FORM MARBLE DRUM

\$4,680

Beijing, China • Marble • Collection #BJFF171D

H: 17.5" Dia: 14.0"

Hand-carved from limestone, this drum-shaped stool swells a ribbed melon shape, an ancient symbol of fertility. The artist used a hobnail-like texture on either end to suggest the rivets that fastened the drum's stretched skin head and included surprisingly lifelike handles on either side. We love it as a side table or garden stool.
