## MELON LEG TABLE

**\$5,680**

c. 1850 • Shanxi, China • Northern Elmwood • Collection #BJFF095

W: 56.0" D: 19.75" H: 31.5"

An elegant example of the clean lines of Qing-dynasty furniture, this table from Shanxi province is skillfully made of northern elmwood with time-honored woodworking techniques. Without the use of man-made materials such as nails or screws, craftsmen precisely cut and fit together pieces of wood to create this beautiful and durable table. Minimally ornamented, it has melon-carved legs and an airy geometric apron.
