PAIR OF MING COLUMN BASES

\$16,800

c. 1600 • Shanxi, China • Stone • Collection #BJA014

W: 22.25" D: 22.25" H: 22.75"

This pair of finely crafted stone column bases were carved over 400 years ago by hand in Northern China during the Ming Dynasty—a period in Chinese history when architectural achievements reached new heights. Most architecture from this period has not survived the ravages of time, making these sculptural stone bases extremely rare.
