PAIR OF TWO DOOR KANG CABINETS

\$4,280

c. 1850 • Shanxi, China • Northern Elmwood, Brass • Collection #ACB012

W: 36.75" D: 23.5" H: 21.25"

Exquisitely carved over a century ago in China's Shanxi province, this pair of mid-19th century elmwood cabinets would have been placed upon a kang bed and used to store useful or intimate items—much like a modern nightstand. The beautifully scalloped edges and unusual, round hinges of these two-door cabinets make the pair a striking addition to the home.
