PETITE DOON BENCH

Shanxi, China • Limestone • Collection #BJDD043

W: 31.75" D: 8.25" H: 7.0"

One can image this finely crafted limestone bench, carved by hand from a single block of limestone, as a Qing Dynasty poet's favorite place to sit in his garden and quietly reflect. For thousands of years, benches like this one were often used in Chinese gardens, idealized landscapes meant to express the harmony that should exist between nature and man.
