PROVINCIAL GRAIN CONTAINER

\$488

c. 1900 • Shanxi, China • Pine • Collection #BJFF074

W: 16.25" D: 14.0" H: 22.0"

This provincial container made the hard work of harvesting grain a little easier for farmers living in Shanxi, China. Paired with a similar container, the pail could be balanced on a pole threaded through the large raised handles. Years of use have weathered the Qing-dynasty container with priceless authenticity and a functional essence that lives on as a basket for magazines, toys, firewood or balls of yarn.
