RISING SUN MARBLE DRUM

\$1,980

c. 1900 • Northern China, China • Marble • Collection #BJD065

H: 16.75" Dia: 12.0"

This drum-form object is carved from a single piece of marble. Around the top and bottom are delicate, incised concentric ribs. Stone furniture like this was commonly placed in Chinese gardens and courtyards to reduce the amount of indoor furniture that would have to be moved to accommodate an outdoor gathering. Impactful inside or out as a side table or stool. Irregular coloration is inherent to the stone.
