

SCHOLARS' BLUE AND WHITE JAR

\$288

c. 1900 • Zhejiang, China • Ceramic • Collection #BJFF133A

H: 6.75" Dia: 6.25"

A connoisseur of fine ceramics, the scholar who once owned this jar would have proudly displayed this vessel among his prized objects, to showcase his vast knowledge of time-honored blue-and-white glazing techniques. An innovation of the more carefully delineated designs of the style, this Qing-dynasty jar is broadly brushed with expressive trees, evocative of the carefully groomed landscape of a scholar's garden.
