STONE BASIN

\$1,880

c. 1800 • Shanxi, China • Stone • Collection #W042C

H: 16.0" Dia: 19.0"

This organically shaped 19th century vessel was carved by hand from a single block of granite. It was originally used in Northern China as a grain mortar. The recess is relatively shallow—making it ideal today as a planter or a simple and sculptural birdbath.
