PROVINCIAL TEA TRAY

\$428

c. 1900 • Shanxi, China • Pine • Collection #BJFF100B W: 21.25" D: 13.5" H: 2.25"

Finely carved floral motifs and a subtly recessed base give the simple lines of this century-old tray true provincial elegance. It has developed great character from years of serving tea, likely for friends and family gathered on traditional kang daybeds.
