THREE LEG ROUND STOOL

\$488

c. 1850 • Northern China, China • Northern Elmwood • Collection #BJD055H

W: 17.0" D: 17.5" H: 19.5"

Deceptively simple, this rustic stool shows off the ingenious construction techniques used by traditional Chinese woodworkers. The stool's three splayed legs are supported by stretcher bars that form a center triangle, a construction pattern that provides stability and a bit of design interest. With a rich character developed over years of use, this 19th-century stool showcases the elmwood's beautiful grain and light color.
