## TWO DRAWER CABINET

**\$2,680**

c. 1850 • Beijing, China • Northern Elmwood • Collection #Q136

W: 32.0" D: 20.0" H: 31.75"

This beautiful coffer was made in China's Beijing Province, and with its solid, clean lines and original brass hardware is emblematic of Qing Dynasty furniture design. The bright yellow monochrome finish makes this cabinet particularly striking. 150 years ago this coffer would have served as the family's altar as well as storage—the two drawers and doors concealing precious silks and embroidered robes.
