PIERCED DRAGON GARDEN SEAT

\$880

c. 2000 • Jiangxi, China • Ceramic • Collection #BJEE055

H: 19.0" Dia: 20.5"

Garden stools were once fixtures in Chinese gardens; they were the perfect place to rest while taking in natural beauty. This one from Jiangxi Province is a stand out contemporary example of an ancient design. The rich sugar white hand applied glaze highlights the artistry of the carved dragon motif, which is pierced in places, giving the stools an airy lightness.
