STAMPED YUNNAN POT

\$580

c. 1800 • China • Terra Cotta • Collection #TLC071E

H: 11.75" Dia: 10.75"

This unique 19th century Chinese earthenware pot is distinguished by its remarkable stamp pattern. With a brown drip glaze, this vase features a bulbous shaped body that stands on a flat unglazed base. The round body tapers to a constricted neck, left unfinished at the rim. Pressed around the mid-section of the jar are incised geometric patterns within a square border. These impressions enliven the simply shaped vessel with visual rhythm and all-over texture. Tucked alongside other vessels or filled with foliage in a garden, this large Yunnan pot is a wonderful addition to any space.
